### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Applicant's arguments presented in the response filed 9/29/04 are persuasive and places the application in condition for allowance. Specifically, the recitation in claims 10,18 of 'the member positioned between the hinge and surface to restrict insertion of the prying element between the hinge and surface', defines over the prior art as argued. Furthermore, the recitation in new claims 21,22 of the 'member positioned in close proximity to the hinge and extending therefrom to the surface to prevent insertion of the prying element between the hinge and surface' also defines over the prior art of record which merely teaches a door stop not extending from the hinge to the surface and not capable of preventing a prying element from being inserted therebetween. Accordingly, claims 1,3-22 are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
